**7. Economic Development Update: Manns presented an MOU between the Morgan County Board of Commissioners, the Morgan County Regional Sewer District, the Morgan County Redevelopment Commission and the Town of Bargersville regarding the sale of the Waverly Wastewater Treatment Plant (WWTP) from Morgan County to Bargersville. Approximately 30 acres would be sold to Bargersville in addition to the WWTP and its collection system. She explained this is the first step of many but that these are mutually agreed upon terms. Attorney Steuerwald shared that both IDEM and SRF would need to get involved but this memorandum**

or understanding provides everyone with a starting point. County Administrator Josh Messmer added the conversations have been ongoing for almost 18 months and the Commissioners executed the MOU at its February 3<sup>rd</sup> meeting. Commissioner Shields asked about protections of the 23 existing customers regarding continuation of services and pricing. Attorney Steuerwald shared protecting the existing citizens has been a priority and likely what would happen would be the creation of a new sewer territory in which Morgan County would have minority representation. Additionally the MOU includes that Morgan County customers would become the Town's customers and would be billed at the same rate as the Town's current customers. Commissioner Pipkin made the motion to approve the MOU as presented. Commissioner Shields seconded the motion, which carried 5-0.

8. **Other Business:** County Commissioner Hale was in attendance and provided an update on Waverly Town Park.

County Administrator Josh Messmer asked about the best way to transfer the Westpoint funds to be used for the EMS facility.
