Description of a tract of land for Gilbert R. & Juanita Rimmer

Part of the Northwest quarter of Section thirty five (35), Township
fourteen (14) North, Range two (2) East of the Second Principal Meridian,
Madison County, Indiana, bounded and described as follows, to-wit:-

Part of Lot Number nine (9) in Forrest G. Miller's Second Subdivision.
Beginning at a Stone at the Northwest corner of Section thirty five (35),
township and range aforesaid, run thence southerly on the West line of said
Northwest quarter a distance of eleven hundred and fifty six (1156.00) feet
to the Northwest corner of the following described real estate and the
BEGINNING POINT OF THIS DESCRIPTION.

From Said BEGINNING POINT continue thence southerly on the West line
of said Northwest quarter a distance of one hundred eighty two (182.00)
feet;

deflect 90 degrees and 5/4 minutes left and run thence easterly and
parallel to the North line of said Northwest quarter a distance of four
hundred seventy eight and seven-tenths (478.7) feet;

run thence northerly
and parallel to the West line of said Northwest quarter a distance of one
hundred eighty two (182.00) feet;

run thence easterly and parallel to said
North line a distance of four hundred and eighty eight and seven-tenths (478.7)
feet to the place of beginning, containing two (2.00) acres, more or less,
and SUBJECT to thirty (30.0) feet of even width off of and across the entire
west end thereof, being the legal right-of-way of County Road running North
and South.

LEGAL DESCRIPTION:

A PART OF LOT NO. 1 OF THE SECOND PLAT OF FOREST G. MILLER'S SUBDIVISION OF A PART OF THE NORTHWEST QUARTER OF SECTION 35, TOWNSHIP 14 NORTH, RANGE 2 EAST OF MORGAN COUNTY, INDIANA, MORE DEFINITELY BOUNDED AND DESCRIBED AS FOLLOWS, TO WIT:

Beginning at an iron pin in the County Highway which is 4.6 feet South and 30 feet East of the stone which marks the Northwest corner of said Section and running thence South parallel with the West boundary of the Section for 132.0 feet to an iron pipe; thence running East parallel with the north line of the section for 105.5 feet to an iron pipe; thence running Northerly, parallel with and 6 feet East of the back wall of an existing Grocery store, for 132.0 feet to an iron pin in the County Highway; thence running West parallel with and 4.6 feet South of the North line of the Section for 102.9 feet to the place of beginning, containing 0.32 acres more or less, subject to all legal easements and right of ways.

I hereby certify that I personally surveyed the described tract of real estate and established the corners thereof on a basis of established and recognized Lot corners, to the best of my ability.

LEGAL DESCRIPTION:

A PART OF LOT 9 IN FOREST G MILLER'S 2ND SUBDIVISION, BEING A PART OF THE NORTHWEST QUARTER OF SECTION 35, TOWNSHIP 18 NORTH, RANGE 2 EAST, MORGAN COUNTY, INDIANA, BEING DEFINITELY BOUNDED AND DESCRIBED AS FOLLOWS, TO WIT:

Beginning at an iron pipe on the West line of said Lot 9 100 feet south of the northwest corner of said Lot; thence running South on said West line 182 feet to an iron pipe; thence running East parallel with the north boundary of Lot 9 for 478.7 feet to an iron pipe; thence running North parallel with the West boundary for 182 feet to an iron pipe; thence running West parallel with the North boundary of the lot for 478.7 feet to the place of beginning, containing 2.0 acres more or less.

I hereby certify that I personally surveyed the outlined tract of real estate and to the best of my knowledge I believe the above to be a true and accurate description of the area as surveyed.

To Whom it May Concern:

For recording in Morgan County Records as pertinent to Second Plat of Forest Millers Subdivision in the Northwest Quarter of Section 35 Twp. 14 N, R 2 E.

In attempting to stake Lot Lines in said Subdivision I find that there is a 14 foot difference when the lots are staked from the stone at the south than when staked from the North. This has caused considerable differences and variations in the property lines and Lot No. 9 is accurately established by iron pipes measured from the south stone or fourteen feet too far South if measured from the North stone. Lots 1 to 8 are variable distances from 4.6 at Lot 1 to 14 feet too far south from the North stone. Since all Lots are larger than shown on the plat and the plat is very indefinite as to method of layout, I am of the opinion that any time a Lot is surveyed in this subdivision it should be described by metes and bounds from the North or South Section marker and further designated by Lot Number.

Also in view of the fact that there are more pines in the two intersections of the roadway than the one designating the Section Markers, the pine at the Northwest corner of Section which is in the place of the original stone should be used. This is witnessed Northeasterly 99.55 feet to the Southwest corner of the new church building and Southeasterly 103.1 feet to the Northwest corner of Ray's Grocery.

I hereby certify that the above are true and accurate conditions uncovered in making surveys pertaining to the said 2nd Plat of Forest Miller's Subdivision
