Corner 2H? Section 36 Township 11 North, Range 1 East

July 6, 1994

Field Crew: Richard Tapp, Michael Sheppard, Sarah Gray & Reginald McCracken

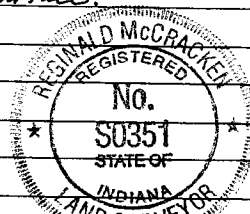

The following stones were found and/or set. Per the old stone record book in 1917, Carl Haase and H.A. Blank set stone #389 and found stones #390 and #406 as a result of Cause #11396 of the 1917 Morgan County Circuit Court stating lands that were to be sold. It is my opinion stone #390 was originally set as the southwest corner of a 41 acre tract -- not the southwest corner of the northwest quarter of the northeast quarter. Further research is required to determine the true location of the "H" stone.

Reginald M. McCracken Morgan County Surveyor July 7, 1994

(Point #390) Stone found per Haase and Blank of 1917, who said this is the "H" stone. It is my opinion the location of is NOT correct. Stone is 3" x 6" sandstone with drill hole on top and 1' below gravel/asphalt road surface. Crew placed 1/4" rebar on east side of stone.

Corner "L" Section 36 Township 11 North, Range 1 East

June 22, 1994

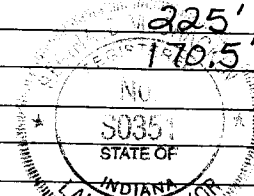

Field Crew: Richard Tapp, Michael Sheppard and Sarah Gray

(Point #391) Set 5" x 5" limestone monument with brass cap as reference to the "L". Said reference is set on the section line 35' South of the Computed location for the "L" stone. The "L"'s location is computed due to felling on North bank of creek. Reference monument is set on edge of lane flush with ground surface, a 1 1/2" rebar was placed on South
