Aunt Bertha's network connects people seeking help and verified social care providers that serve them.

Thousands of nonprofits and social care providers serve their communities. But for most people, navigating the system to get help has been difficult, time consuming, and frustrating. Too many Americans are suffering, and they don't need to.

So at Aunt Bertha, we created a **social care network** that connects people and programs — making it easy **for people** to find social services in their communities, **for nonprofits** to coordinate their efforts, and **for customers** to integrate social care into the work they already do.
